

COURSE GUIDE

“LIGHT YOUR PATH TO SUCCESS”

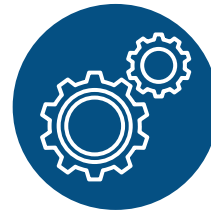

start your path to
a new career with
LDAS

the luminary
advantage

Affordable

Our accelerated course will have you job ready in only **10 sessions**, where other programs can take up to 9 months and cost \$15,000. Our course is \$2,995 if paid in full. **Flexible financial options** available.

Advanced

We focus on teaching you only on the most **advanced dental equipment**. Dental offices are quickly moving to new technologies like digital x-rays, mobile x-ray guns, 3D x-rays, 3D teeth scanning and more.

Convenient

In order to maximize your time in our accelerated course, our program is offered on **weekends when you are available**. Our program is a hybrid of online and clinical courses so that you can limit the time you spend away from home.

THE LUMINARY PLEDGE

WHAT WE ARE NOT

We are **NOT** a program that makes you memorize a textbook only in preparation for a test

We are **NOT** a curriculum that teaches you unneeded bookwork you can't use in the real world

We are **NOT** a school that teaches you from a "canned" course from dental companies

We are **NOT** a group of educators that are paid just to run a program

WHAT WE ARE

We **ARE** a program that helps you understand dental concepts used in dental offices

We **ARE** a curriculum that teaches you essential and advanced skills for the real world

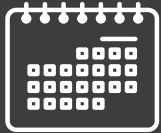

We **ARE** a school built by dentists and assistants who know the true needs of the field

We **ARE** a group of educators who are passionate and who want to see you succeed

Effective

HANDS-ON TRAINING

Let's face it.

Studying and reading textbooks about how to do something does not give you the experience to perform in the real world. You have seen it in your traditional schooling. Which is why our program reserves all in-person engagements with pure hands-on training. No more sitting at a school desk listening to an unengaged lecturer. Interactive hands-on training is where it's at!

- ✓ **80 hours** of absolute pure hands-on training
- ✓ **50 hours** of dental office extern training
- ✓ **Advanced dental equipment** to train on
- ✓ **Experienced instructors** with real world dental
- ✓ **Innovative courses** based on what hiring offices need
- ✓ **No wasted time** learning behind a desk

Dental Learning Kit

Hiring dental offices seek dental assistants that can perform. And excellence in performance requires repetition and practice. With our take-home dental learning kit and online dental “work out” modules, we’ll get you in shape for the dental job environment.

Dental learning kits include:

- *Dental Loupes/Light*
- *Typodont and Bracketing System*
- *X-ray Supplies*
- *Air/Suction Instruments*
- *Dental Instruments*
- *Filling Materials*
- *Orthodontic Brackets/Wires*
- *Auxiliaries Like Gauze/Cotton Rolls*

AFFORDABLE TUITION

Becoming a dental assistant doesn't have to break the bank. Our program fee is affordable so that you can achieve success with less financial commitment compared to other training schools of various industries.

	DOWN PAYMENT	FINANCE FEE	PAYMENT PLAN	TOTAL
PAY-IN-FULL	\$2,000	\$0	\$0	\$2,995
HALF NOW HALF LATER	\$319.50	\$20	\$319.50 EVERY SESSION	\$3,195
